Tranquility Pavers®

Redefining your outdoor experience

Perhaps your outdoor living room is filled with energy where you gather with family and friends to spend quality time, or you entertain the neighbors with barbecuing delights. Maybe it's your sanctuary where you retreat after a long week for some peace and relaxation... a place where the pace of everyday life slows down, and quiet moments are savored.

No matter how you enjoy outdoor spaces, Tranquility Pavers® deliver the peace-of-mind you can trust in a stress-free paving solution with appealing advantages. With their crisp, clean lines, Tranquility Pavers are reminiscent of cut Mosaic tile. Their subtly textured, non-slip surface lends a contemporary feel. Rich color blends and superior abrasion resistance further enhances their understated beauty and durability.

Ask a County Materials' representative about the Lifetime Limited Warranty on Tranquility Pavers, or go online to www.countymaterials.com for more information.

Tranquility Pavers are also available in Special Production Hammered Colors.

Colors shown may vary from actual hues and should only be used as a guide. Refer to actual product samples for final color selection. Because concrete units are manufactured with high quality, naturally-mined aggregates and materials, variations in color or shading should be expected in products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry.

Caution: Deicing products may be harmful to concrete surfaces and concrete products, especially when used in excess. Sand is recommended to be used for slip resistance.
